

WHO IS LEISURE CONNECT?

Leisure Connect is the exclusive travel trade supplier for tickets to theatre and other city essentials in London, New York and Las Vegas.

Their valued clients include some of the most prestigious travel agent networks, tour operators and wholesalers in the world. Providing expert online and offline booking solutions, they make it easy to sell and promote theatre tickets in all our customer's itineraries.

- Leisure Connect sells from guaranteed allocations of tickets in London's West End and exact seat locations are previewed at the time of booking and confirmations with seat locations are issued instantaneously upon booking.

For Broadway and Las Vegas show tickets Leisure Connect sells from confirmed blocks of tickets that are defined as best available. This is an industry term that applies to tickets located in the orchestra (stalls) or front mezzanine (dress circle) sections of the theatre and that are sold at the box office at top price. When exact seat locations are not available for preview at the time of booking, best available tickets are guaranteed against allocation, and a confirmation containing exact seat assignments is emailed within one business day of booking.
